

You're Invited

To attend a Presentation on "Modern Approach to Parasite Control in Horses".

See equine parasites with your own eyes and learn why we say "goodbye" to rotational deworming schedules.

SPEAKER

Dr. Ela Misuno

Vetoquinol N.A. INC.

Dr. Ela Misuno received her DVM from Warsaw Agricultural University in Poland. Following graduation she moved to Denmark where she worked as a general equine practitioner. In 2012 she successfully completed a 3 year residency program in Large Animal Internal Medicine at the WCVI, University of Saskatchewan, and masters project on internal parasite infections in local horses. She is board certified with the American College of Veterinary Internal Medicine. Dr. Misuno's interests within veterinary medicine are focused on equine parasitology and nutrition. She's been with Vetoquinol for over 4 years and her current positions are Equine Technical Service Veterinarian, Key Account Manager and Supporting Product Manager. She's had passion for horses all her life, as an owner, rider and active supporter of the industry.
